TRUSTEES' MEETING

ATTORNEY REPORTS R. R. COMMISSION TEMPORARILY DROPS GAS HEARING

The Board of Trustees met in regular session at the City Hall at 8:10 p. m. April 2, 1918.

Present at roll call: Henry Jackson, Muhleman, Woodberry. Absent: Shaw.

The minutes of the last regular meeting were read and approved.

A communication was read from Tom Shima submitting a proposition to collect and dispose of tin cans and glass in the City of Glendale for the sum of $110.00 per month. The proposal was accompanied by a communication from the City Manager stating that as the Street Department is now equipped and prepared to take care of this service, he recommended that the proposition be not accepted. On motion of Trustee Henry, the recommendation of the City Manager was approved, and the offer rejected.

A communication was read from the Railroad Commission of the State of California giving notice that the Railroad Commission has temporarily dropped the proceedings from its calendar in regard to a hearing heretofore set in the matter of the application of the City of Glendale to fix the valuation of the property of the Southern California Gas Company. In this connection, the City Attorney stated that the Attorney for the City of Glendale is fully prepared to go ahead with the case, that the gas company had appealed for more time by reason of the fact that its former attorney had just returned from the East, and that they wished him to take charge of the proceedings; that the Glendale City Attorney had requested the Commission to fix a date for hearing not later than May 13th; but the request had not been granted. On motion of Trustee Henry, the communication was ordered to be filed, and the City Attorney requested to urge a hearing in the case as soon as possible.

Applications to conduct jitney service were received from J. L. Martin and from Charles M. Cottrell.

On motion of Trustee Jackson, the application of J. L. Martin was granted, subject to the approval of the City Manager and the Chief of Police. On motion of Trustee Henry, similar action was taken in regard to the application of Mr. Cottrell.

At 8:40 p. m. the regular order of business was suspended in order to hear the report of the City Engineer on a plan for street numbering. On motion of Trustee Jackson, it was ordered that the recommendation of the City Engineer that two numbers be allowed to a lot, and the plan of terminating hundreds similar to the one now in use, be adopted.

The report of the committee on street naming filed on April 3rd was taken up at this time for consideration, the same being read by the Clerk. The Chairman stated that

GEN. GRIDLEY CHAPTER

LOCAL D. A. R. HOLDS ELECTION AND INTERESTING SESSION AT HOME OF MRS. J. H. BRALY

A large and very enthusiastic meeting of the Richard Gridley Chapter of the D. A. R. was held at the home of the regent, Mrs. John Hyde Braly, on Brand boulevard, Thursday afternoon. Nasturtiums were used with charming effect in the special decorations for the occasion and a delightful spirit of hospitality dominated the gathering. A fine address was made by Mrs. Catherine Hubbard Egbert, State Chairman for prevention of the desecration of the flag.

The report of the chapter's representative on the Liberty Loan Committee showed that $1700 of bonds had been sold to members. The treasurer was authorized to send $20 from the chapter's funds to the National D. A. R. as a contribution to the $100,000 fund it is endeavoring to raise for the purchase of Liberty Bonds to be used for the benefit of disabled soldiers after the war. A contribution was also made to the fund to provide a hut for the Y. W. C. A. in France.

The mile of pennies which the chapter is striving to accumulate for the Maternity Cottage in Los Angeles was not forgotten and several donations of old gold and silver were brought, the proceeds to be devoted to this charity.

The election resulted in a unanimous vote to return to office the present incumbents. Several visitors were present, among them Mrs. W. W. McElroy and her niece from Chicago. Refreshments were served and an exceedingly enjoyable social hour was spent following the program.

GOOD ADVERTISING

NEW YORK PAPER COMMENDS GLENDALE MUNICIPAL OWNERSHIP RECORD

Cities the size of Glendale do not often succeed in breaking into the columns of a Metropolitan paper unless there is a scandal to be aired, so Glendale people were more than refreshed this morning when they found that the Los Angeles Examiner's leading editorial, reprinted from the New York American, explained and commended the working out of Glendale's plan of municipal ownership of public utilities. The New York American said:

Theories are useful, but we always did like facts better. The best proof of the pudding is in the eating.

This paper holds to the theory of public ownership of public utilities. Some other papers, not a thousand miles away, insist that that theory won't work. Our answer is that it will work.

Consider the results of municipal ownership in the little city of Glendale, California.

Six years ago the people of Glendale bought their electricity for heating and lighting purposes from a private plant. They paid seven cents a kilowatt hour. The service was by no means satisfactory, even at that price.

In a happy hour the people of Glendale decided to run their own municipal lighting plant. They began by charging six cents a kilowatt hour. In less than two months the managers of the municipal plant dropped the price to four cents. Last year the people of Glendale paid two cents per kilowatt hour.

Now that is going some!

But even then the municipal ownership plant had not reached its limit of efficiency and economy in the city of Glendale, for last October the management of the municipal plant issued this statement to the public:

"For the past six months it has been apparent that the rates now charged needed revision. The surplus shown has been larger than necessary for the extension of this system and for retiring the debt.

"Therefore the following rate for electricity is recommended to take effect in October, 1917:

"For a single phase current a service charge of fifty cents per month, plus two cents per kilowatt hour for the first one hundred hours.

"After the first one hundred hours, one cent per kilowatt hour.

"These new rates are exceedingly low, but are sufficient to pay all operating and maintenance costs, to allow for all depreciation, to retire bonds as they mature, and to make all reasonable extensions."

We quote these interesting facts from a letter written to the New York World by Mrs. Gene B. Lynch. As a sort of postscript to her letter Mrs. Lynch adds this statement:

"Glendale can buy bonds because its citizens are not ridden to death to provide heat, light and fuel. Glendale has bought more Liberty Bonds than any other town of its size, I was told, in the country, having subscribed approximately a bond apiece for all its inhabitants.

Now, then, New York City is, of course, a good deal bigger than Glendale, but all the same New York City can achieve the same results by adopting municipal ownership and maintenance of its public utilities that Glendale has achieved—the only difference being that New York City has a chance to do in a very big way what Glendale has done in a small way.

The newspapers and the politicians who are opposed to municipal ownership will have no great difficulty in denouncing THE THEORY.

But wha are they going to do with THESE FACTS?

We think they would have pretty hard work in explaining to the citizens of Glendale that the theory of municipal ownership won't work.

THREE IN ONE

The three women's societies of the First Methodist Church of Glendale met in regular session Thursday in the church parlors and sewed for Belgian babies. A splendid lunch was much enjoyed at the noon hour, after which the Home Missionary Society held a business meeting, followed by the Foreign Missionary Society. A unanimous vote was given to continue the all-day meetings in accordance with the conservation idea, as all felt it was an actual saving of time. A large number of ladies was present and the meetings were of unusual interest. The Home Missionary Society will hold its annual mite box opening on May 26. A splendid program will be given.

HINDENBURG PREPARING TO STRIKE

BIG CONCENTRATION OF MEN AND GUNS OPPOSITE FRANCO-BRITISH LINES PRESAGES NEW ATTACK

(Special Service to Glendale Evening News)

LONDON, May 3.—There is still a big concentration of men and guns opposite the Franco-British line. A terrific new outburst of fighting is liable at any time. Hindenburg has been playing 'possum until his army is refreshed. Then he will be ready to strike again with all his power.

The French war office announced that the French have made an appreciable advance in Hangard wood and are occupying Baune wood southeast of Maille-Raineval. An important wood and hill near Amiens has been captured. Elsewhere on the French front the usual artillery activity is reported.

LIEUTENANT WINS DECORATION

AMERICAN OFFICER PRESENTED WITH DISTINGUISHED SERVICE CROSS FOR UNUSUAL BRAVERY

(Special Service to Glendale Evening News)

WITH THE AMERICAN ARMY IN FRANCE, May 3.—Lieut. Wm. D. Myering has been awarded the distinguished service cross. The citation was for unusual bravery in battle which "resulted in the defeat of the enemy." Lieutenant Richard M. Griffin of the 108th Infantry was killed by shell fire when emerging from a dugout.

ISSUES WAR'S LARGEST DRAFT CALL

AMERICA'S NATIONAL ARMY TO NUMBER TWO MILLION THREE HUNDRED THOUSAND BY JULY 1, OFFICIALS SAY

(Special Service to Glendale Evening News)

WASHINGTON, May 3.—America's fighting men by July 1 will number 2,300,000, or 600,000 more than originally planned. Secretary Baker, Chief of Staff March and others before the House Military Committee said that approximately 1,822,000 men are now in service, indicating that 478,000 additional men will be called to the camps by June 30. Brigadier General Crowder is today sending out the world's largest single draft call for a quarter of a million men. He will issue a special call for 12,000 skilled mechanics tonight. A mobilization order for 6,000 more artisans from every state will be telegraphed today.

ALLIES TO INTERVENE IN RUSSIA

WASHINGTON NOW FAVORS INTERVENTION—FORM IT SHALL TAKE IS THE ONLY CAUSE OF DELAY

(Special Service to Glendale Evening News)

WASHINGTON, May 3.—Allied intervention in Russia is very near, according to allied opinion expressed here today. In the past month sentiment has shifted and Washington has "changed its mind." The form of intervention alone is causing the delay.

INCREASE OF R. R. EMPLOYES WAGES

(Special Service to Glendale Evening News)

WASHINGTON, May 3.—The Railway Wage adjustment board has completed its report to Secretary McAdoo recommending millions in wage increase to virtually all railroad employes. Workers and managers were interviewed by the board during a long session, the workmen asking from 30 to 65 per cent increase in wages on account of the cost of living.

REDUCE SIZE OF NEWSPAPERS

(Special Service to Glendale Evening News)

WASHINGTON, May 3.—The Government will take the first steps to reduce the size of the American newspaper soon. Chairman Baruch of the War Industries Board announced that he has created a commodities section of paper headed by a leading publisher to handle the print paper shortage and deal with the conservation problem.

CASUALTY LIST WITH EMERGENCY ADDRESSES GIVEN

(Special Service to Glendale Evening News)

WASHINGTON, May 3.—Losses in the New England division were revealed in the casualty list issued today by the War Department. The list is the first to be published with the emergency addresses restored. The report included 18 killed in action, 2 missing, 1 dead of wounds, 5 dead of disease, 2 accidentally killed, 2 seriously wounded, 58 slightly wounded.

REV. SCOTT ANDERSON SURRENDERS HIMSELF

(Special Service to Glendale Evening News)

LOS ANGELES, May 3.—Among the missing before United States Commisioner Long when the hearing of the followers of the International Bible Students' Association was on the calendar yesterday, Rev. Scott Anderson appeared this morning, was arraigned before Commissioner Long on the charge of circulating alleged seditious literature. He was released on $1000 bail furnished by Santa Ana men.

EXCELLENT WORK

PHILANTHROPIC SECTION OF TUESDAY CLUB ENDS YEAR WITH GOOD RECORD

The last regular meeting of the Philanthropic Section of the Tuesday Afternoon Club, of which Mrs. Warren Roberts is chairman, met this week with Mrs. W. K. Crawford, who was assisted in entertaining by Mrs. J. P. Shropshire.

This section has been working for four Los Angeles institutions, viz., the Kings' Daughters' Day Nursery, the Children's Hospital, the Maternity Cottage, and the Coleman House Associtaion. When the inventory of its work was taken at the close of the year, the record showed that it had distributed:

110 pounds of apples,
85 pounds of dried fruit,
112 quarts of canned fruit,
28 pints of canned fruit,
52 glasses of jelly,
6 pairs of blankets,
24 quilts made by the section,
1 quilt made and quilted by Mrs. Martha Morris, "Mother of the Club," who gave it as a donation to the Section,
3 quilts made and donated by the XVI Club.

The ladies of this section have also taken clothing, toys, games and books to the children in these institutions, have made for them many May baskets and valentines and dressed dolls for them at Christmas time.

To stimulate interest and rivalry the section was divided into four groups which have been working in friendly competition with the understanding that the losers are to treat the winners to a matinee party the first Wednesday in June and that pleasure is yet to come.

In spite of the fact that its regular work for the year is completed, the section will not disband for the summer. Instead its members will enroll for surgical dressing work and will continue their regular monthly gatherings at the Chapter headquarters of the Glendale Red Cross Society.

FINISH OF BOND DRIVE

Announcement is made by F. H. Vesper, chairman of the Glendale Liberty Loan Committee, that all the banks of this city, including the Tropico district, will be open Saturday evening from 7 to 9 o'clock to receive final subscriptions for bonds from persons who have not been able to subscribe heretofore. This will complete the Glendale drive, of which a full report will be published the first of next week.

The headquarters of the Liberty Loan Committee in the office of Vice-Chairman Lawshe at the Red Cross Chapter on Brand boulevard, will also be open from 7 to 9 Saturday night and all committee members and canvassers are asked to report and return cards in order that reports may be completed.

EPWORTH LEAGUE CONVENTION

The young people of Glendale and San Fernando Valley are looking forward with great anticipations to the convention of Pasadena District Epworth League to be held next Friday, Saturday and Sunday in First Methodist church, Glendale. Between six and seven hundred delegates are expected and it is earnestly hoped that the people of Glendale and vicinity will realize their responsibilities in helping to entertain these young people. Fully six hundred young men have left for the army from this district, so unless new recruits are added from the younger boys, the society must suffer great loss and the community as well.

Pomona entertained them royally last year. Now Glendale must stand by her young people and help them do just as well if not better.

FIXING SALARY ORDINANCE

An ordinance was taken up for first and second reading at a meeting of the Board of Trustees of the city of Glendale, Thursday evening, in which the salary of the City Manager is fixed at $200 per month. The ordinance provides that the City Manager will be furnished with a stenographer, a clerk, etc., whose salaries will be fixed at the time of the reading of the ordinance for the third time, which will likely be next Thursday evening.

An important business meeting of the Executive Committee of the Glendale Red Cross Chapter will be held Tuesday evening at Red Cross headquarters on Brand bouevard, which all committee members are expected to attend.

WAR AS EDUCATOR

L. S. ALLSTRUM TELLS HOW INK MAKERS HAVE BEEN FORCED TO MAKE BY-PRODUCTS

A visitor in Glendale Wednesday was L. S. Allstrum, district manager of the Los Angeles branch of George H. Morrill, one of the big ink manufacturers of the United States.

In describing the varied products of the company, Mr. Allstrum told some interesting facts in regard to Carbon Black, in which the United States has a monopoly, one of the very few things in which it enjoys that advantage. Carbon Black, he explained, is made from natural gas, but not all such gas yields the product. For instance, the natural gas from the wells at Fullerton contains so much heat that its carbon is consumed. The gas that makes the greatest amount of unconsumed carbon is best for the production of this dye material, and that gas is found in Pennsylvania and West Virginia, but chiefly in the state last named, where the factory of the Morrill Company is located. Mr. Allstrum also stated that his company uses one-eighth of all the Carbon Black made in the United States, which is quite a different product from lamp black. As it is an essential factor in high grade inks, the company was forced to embark in its manufacture in order to obtain it in the amounts needed and at reasonable prices, the price having steadily advanced since the Standard Oil became a monopoly. For the same reason these ink makers are now manufacturing aniline dyes for colored inks because those which have been developed for textiles are not adapted to inks. These things were cited as evidence of the educational value of the war, which is forcing Americans to develop their own resources and processes which will make them more independent of Europe than they have ever been before.

PICNIC AT ECHO PARK

The picnic of the Woman's Auxiliary of the Congregational Church, this city, which was enjoyed at Echo Park Thursday afternoon, proved such a delightful affair that it was prolonged well into the evening. About seventy-five ladies attended, the majority going by auto and greatly enjoying the trip through the beautiful, fragrant countryside.

Mrs. E. H. Willisford, now residing in Claremont, was present and read most interesting letters from her husband telling of his varied activities on the French war front.

At six o'clock the ladies gathered at the long tables decorated with roses and sweet peas contributed by Mrs. S. C. Porter, where the delicious picnic supper was spread which was enjoyed the more because of the fine appetites brought to the feast, the beautiful outdoor environment and the friendly social atmosphere. Most of the picnickers did not reach home until after eight o'clock.

A SPECIAL GUEST

MRS. W. W. RAMSAY ENTERTAINED AT LUNCHEON AT EBELL CLUB OF L. A.

Mrs. W. W. Ramsay of this city, president of the Tuesday Afternoon club, was a special guest at a luncheon given Thursday afternoon at the Ebell club house in Los Angeles by the Social Science Section of that club in honor of representatives of six clubs of the district. It was a large affair and the central table at which Mrs. Ramsay was seated was centered with a basket of lovely pink roses tied with tulle, at each place a beautiful Madame Cochet rose of the same tint. Mrs. Chester Ashley, president of the Ebell, presided at the function which marked the close of the year's work of this section.

Mrs. W. S. Bartlett, a former president, who recently returned from a five-months' sojourn at Camp Lewis, was one of the speakers who addressed the ladies at the close of the luncheon. She made a most interesting talk describing the splendid men there and the fine spirit in which they are conducting themselves, their anxiety to get to France and their cheerfulness.

Another speaker was Mrs. Rice, wife of Dr. Rice who addressed the club at the morning session on South America, where he spent almost twenty years. His description of the topography and geography of the country, its people and historical ruins, the enormous length, breadth and depth of the continent, were intensely interesting, according to ladies who were present.

OVERCHARGES AT AVALON

Prof. W. B. Munroy of the Department of Government, Harvard University, who is residing at 1250 South Los Robles avenue, Pasadena, wrote as follows to the President of the Board of Trustees at Avalon, Island of Catalina:

"Let me express the hope that the Trustees will consider the advisability of regulating, either by ordinance or by attaching conditions to the pier permits, the scale of prices charged by the various boatmen who take out fishing parties at Avalon.

"I have reason to believe that the matter of charges is now being abused, and that this is having a bad effect upon the reputation of Avalon as a holiday place. . . .

"It is extremely unfortunate that the individual boatmen should be allowed to injure the excellent reputation of the place as a whole, particularly where they make use of a municipal pier for that purpose. . . .

"These launches are the taxicabs of Avalon, and it does not seem right that they should be left wholly without public regulation. . . ."

CITY TRUSTEES.

(Continued from Page 1)

the public expected to be called together in a meeting for the discussion of this subject, and on motion of Trustee Muhleman it was ordered that a public hearing to consider the matter of street naming be held in the Council Chamber next Wednesday evening at eight o'clock, for the purpose of discussing reports that will be submitted, and in order to give an opportunity for the meeting to make a recommendation to the trustees.

The City Attorney presented a written opinion in regard to the authority of the City to remove weeds from vacant lots, the power of the trustees being unquestioned, but it is necessary to pass an ordinance providing for carrying out the provisions of the law.

A letter was presented and read from the Title Guarantee & Trust Company, trustee for the bondholders of the Glendale Consolidated Water Company, offering to sell to the City of Glendale the complete water system, together with pumping plant, reservoir site, stock in the Verdugo Canyon Water Company, etc. (in the territory formerly comprising the City of Tropico), for the sum of $55,000.00 cash, the proposition made under supposition that the Title Company be able to obtain the permit from the Railroad Commission to make such sale. On motion of Trustee Henry, it was ordered that the proposition be accepted conditionally upon the sale of bonds, and the granting by the Railroad Commission of the right to sell and the approval of all details by the Board of Trustees of the City of Glendale.

The City Clerk was instructed to send to W. G. Cook, Attorney for the Title Guarantee & Trust Company a copy of this resolution. On motion, the Chairman of the Board was authorized to join with the Title Guarantee & Trust Company in behalf of the City in making application to the Railroad Commission for permission to sell the property of the Consolidated Water Company to the City of Glendale when the title papers and all ancillary matters are consummated for that purpose.

The City Attorney stated that the printing of bonds for the $50,500 00 bond issue had been ordered, and approval of the same had been forwarded to Attorney J. C. Thompson in New York.

The City Attorney reported for the Committee appointed to prepare an ordinance fixing the salaries of certain city officials and employees.

On motion, "An Ordinance fixing the salary of officers of the City of Glendale," was taken up for first reading. On motion, this ordinance was declared read for the first time and was taken up for second reading. On motion, this ordinance was declared read for the second time and was laid over for one week for the third and final reading.

On motion, Resolution No. 1009, "A Resolution of the Board of Trustees of the City of Glendale, providing for the turning over to the Glendale Chapter of the American Red Cross, certain salvage articles belonging to said City," was taken up for reading. On motion, the same upon being read, was adopted.

The Manager of the Public Service Department presented a statement setting forth in detail the items of expenditure proposed to be incurred on account of the $55,500.00 bond issue.

On motion, "An Ordinance of the City of Glendale declaring the intention of the Board of Trustees of said City to call an election in that part of the City of Glendale contained within the boundaries of a proposed municipal improvement district, to be known as "Municipal Improvement District No. 2, of the City of Glendale," for the purpose of submitting to the qualified electors of said district the proposition of authorizing the issuance and sale of bonds of such district," was taken up for first reading. On motion, this ordinance was declared read for the first time and was taken up for second reading. On motion, this ordinance was declared read for the second time and was laid over for one week for the third and final reading.

The City Attorney stated that he had conferred with Mr. Mason of the Telephone Company with reference to the time proposed when the new toll rate between Glendale and Los Angeles would become effective. Mr. Mason stated that no new schedule had yet been filed with the Railroad Commission providing for this, and that in any event the people will be given due notice of the date when the same will become effective.

The City Attorney reported that in accordance with the instructions received at the last meeting, he had prepared a petition to be filed with the Railroad Commission asking that the new rate be held in abeyance, and that a new hearing be granted on the application of the Telephone Company with the view of obtaining for the patrons in Glendale and Los Angeles, a lower rate between these two points.

The reports of the Building Inspector and Recorder were presented and ordered to be filed.

Report of Tax Collector for week just ended was read and, on motion, referred to the Finance Committee.

A communication was read from the City Manager calling attention to the fact that when the matter of an appropriation by the City of Glendale for a portion of the cost of constructing the Ivanhoe Bridge was under consideration, it was understood that the larger portion of the sum appropriated would be provided for in the budget of the next fiscal year, but that in the resolution providing for this payment there is no reference made to this matter of taking the money out of next year's revenues. The communication stated that Trustee Muhleman had brought the matter to the attention of the City Council of Los Angeles, and that the Chairman of the Los Angeles Finance Commitete had stated that he would recommend that action taken by the City of Glendale providing for the payment of this sum out of next year's budget, would be concurred in, and the City Manager recommended that the Board take the necessary action in the matter and, on motion, it was ordered that the matter be refered to the City Manager and the City Atotrney to prepare the necessary papers.

A telegram was read from Peter L. Ferry and a signed agreement presented by which he agrees to pay $125.00 per month for the use of the City's road roller, and to indemnify the City for any loss or damage occasioned by his use of the roller. On motion of Trustee Henry, the proposition of Mr. Ferry was accepted.

On motion of Trustee Henry, the City Attorney and the City Engineer were requested to look into the matter of opening up certain blind streets in the district of Tropico.

On motion of Trustee Henry it was ordered that the request of Mr. McClellen for permission to use an air gun, be denied.

The request of the A. B. Rubbish Company of Los Angeles that they be allowed to circulate a form of agreement with householders for the disposal of rubbish, and make such collections where desired by the householders, was, on motion, granted.

On motion, "An Ordinance amending Ordinance No. 122 of the City of Glendale," was taken up for third and final reading, and upon being read was, on motion of Truustee Henry, adopted.

FISHING

From all parts of this district come reports that fish are plentiful and the water in the best condition it has been for years. In fact, there are many who believe the present conditions are too good, and will result in the sport being ruined by too heavy catches during the first part of the season. For one thing, the water is lower than it has been for several years, which keeps the fish to pools more than usual at this time of year.

Scores of local sportsmen left May 1st for various fishing grounds, a number of parties planning on spending several days in the hills.

Miss Wasserman, accredited teacher of Rector System of Music, from Von Stein Academy, Los Angeles, has opened a class here. Would take a few more pupils. For further informatoin call at 142 S. Kenwood St. on Monday afternoons or any time at the Von Stein Academy. 202t3

Personals

Miss Alice Riggs of Salt Lake City has been the guest for several days of her old friends, Mr. and Mrs. Albert Marple of 322 Boynton avenue.

J. F. McClish, who has been spending considerable time in Sierra county examining and reporting on mines, is at his home, 808 West Eighth street, where he expects to remain for some time.

Next Sunday evening at 8 o'clock the choir of the West Glendale Methodist church will render the first of a series of sacred concerts. E. D. Baker is musical director. The public is cordially invited to come and enjoy this musical treat.

G. Fred Latter of 216 Boynton street went to Chicago last week in response to summons from the General Manager of the Freight Department of the Chicago & Rock Island Railroad, and it is possible that he may accept a position there. Mr. Latter has been a railroad man for many years and has a large acquaintance among railroad officials east and west.

At its last meeting the Board of Trustees of the Glendale Public Library voted to purchase a flag for the Library on Fifth street. The purchase was made by Trustee Walter J. Hibbert, who installed the flag on the pole Thursday. The Library has been without a flag for some time, and patrons will rejoice to see the colors floating from this public building where they should be displayed.

Mrs. Louise Purnell of 139 West Tenth street, president of the W. R. C., leaves by boat today (Friday) for Oakland to establish herself there satisfactorily before the big G. A. R. Reunion of Post and Corps opens, which will be Tuesday morning. Mrs. Nina Richards of 306 Paloma avenue will go as a delegate from the local Woman's Relief Corps, and Commander Clark will also go as a representative of N. P. Banks Post.

T. I. C. girls of the Presbyterian Sunday School in the class of Miss Bessie Fields, gave quite a charming little entertainment Thursday evening in the Sunday School room before an appreciative audience of about 75 souls. The program included a little playlet, violin solo, a French and an Indian song and a whistling solo. The receipts were about $10, which will be used in furnishing their class room.

Friends of Miss Eleanor Green, teacher of biology and physiology in Union High School, will learn with regret of the death of her father, Arthur H. Green, who died of pneumonia at Hollywood on Wednesday. Funeral services will be held Saturday at 2 p. m. at Peck & Chase Undertaking Parlors, 1213 South Figueroa street, Los Angeles. Miss Green has many friends here whose sympathy will go out to her in her great loss.

Will Marple, of Naval Base Hospital Unit No. 3, is still stationed at Philadelphia and is pitcher on the hospital baseball team. He has had some great encounters with some of the big league players and evidently was able to hold his own, for he writes that in the first game when he was feeling particularly fit, he struck out seventeen men and allowed only five hits. Will Marple's home is at 149 Palmer avenue this city. He was a great worker in the Tropico Methodist church and is much missed by the young people with whom he was associated.

On Wednesday police officers of Glendale arrested Mrs. Emma Barday of 320 San Fernando boulevard for selling liquor in violation of Glendale ordinances. In the raid which was made on the place a considerable amount of wine and beer and a small amount of whiskey was taken and introduced in evidence at the hearing which was had before Judge Lowe Thursday morning at 11 o'clock. Testimony was given which satisfied the judge that the defendant had been engaged in the illicit traffic for a long time and that she had been selling to young people. He therefore imposed a fine of $300, which she paid.

IVANHOE BRIDGE

NOT LIKELY TO BE AVAILABLE FOR MONTHS TO COME WHEN PAVING IS COMPLETED

City Manager Watson was a visitor Thursday in the Engineering Department of the City of Los Angeles and there learned some interesting facts in regard to the Ivanhoe Bridge and allied improvements. He states that the bridge is to be thirty feet wide with a 25-foot roadway and five feet allowed for a sidewalk on the west side of the structure. Proceedings are prepared for the improvement of Brand boulevard from the city limits of Glendale at the Southern Pacific tracks to the bridge and from the south side of the bridge on what will be Ivanhoe avenue to its junction with Lake Shore avenue. The roadway is to be of concrete and it will probably take the greater part of a year to get the entire job completed.

Three members of the Los Angeles City Council and the City Engineer viisted the bridge Thursday morning to consider the approaches. There is one small piece of property yet to be obtained for the right of way, but that will not hold up construction proceedings south of the bridge. Ivanhoe avenue proceeds northwest from Lake Shore avenue and the part which runs through Edendale is already improved. From there it will be continued along a little ravine that will form a junction with Los Felis road just south of the bridge and just north of the P. E. power house at Ivanhoe.

Relative to the use of the bridge, Mr. Watson says:

"The Los Angeles officials have not said when the bridge will be ready for use. Construction is proceeding very satisfactorily, but when the bridge and approaches are ready contracts will probably be let for paving, and I doubt if it can be used until the whole job is completed and accepted by the city."

JOES GOING AHEAD

Again were the Joes victors in a spirited bowling contest with the Viohls which took place April 30th at the Elks' Club House in the tryout to secure players for the coming Elks' Tournament. The Joes have won the highest score in three games and in the game just referred to they made the highest score in any single game played thus far on the Club alley. This trio has twelve more games to play within the next fortnight before the tryout is completed. The tournament will begin the 18th to the 20th of May. May 1st a game was played by the Macks and the Clarks in which the Clarks won. The scores follow:

The Viohls

RABBIT PEST IN NEW ZEALAND

Consul Winslow, at Auckland, reports:

As a fair illustration of the rabbit pest in certain portions of New Zealand, and especially in the drier sections of the South Island, it is stated that on an estate lately taken over by the New Zealand Government, comprising 12,464 acres of freehold and a pastoral run of 19,250 acres, there were killed or captured about 120,000 rabbits in order to clear up the property so as to make it suitable for the location of returned soldiers.

COLORADO BOULEVARD P.-T. A.

The Colorado boulevard P.-T. A. met as usual Thursday, May 2nd. Meeting was called to order by the president, Mrs. Frank Chambers. The Thrift Stamp Society, which was organized some weeks ago, is progressing nicely. Mrs. Chambers presented the charter, which she recently had received. The children are doing a splendid work in saving for Thrift Stamps and giving the school good credit.

Saturday, May 11th, is our day to work in the salvage department again. We will be assisted this time by the Broadway and Acacia schools. As there is a great amount of work always to be done on these days, it is hoped that more parents will turn out and help the teachers and pupils in this work. Splendid reports from the Congress of Mothers and P.-T. A. convention, which was held last Thursday and Friday, were given.

The chairman of patriotic committee reported 123 children working 384 hours, cutting for ambulance pillows. Mrs. Robinson won in the picture vote.

A communication from the Congress of Mothers and P.-T. A. Federation was read in regard to the convention to be held in Bakersfield. Mrs. Burt L. Cline was appointed as delegate for same.

Miss Waite announced that the Junior Red Cross would receive benefits from all tickets sold by the children for the play given at the Palace Grand, "The Son of Democracy," Friday, May 3. There will be an entertainment given at the schoolhouse Monday afternoon by the kindergarten children. Admission will be the price of a Thrift Stamp, the stamp to be given for your book.

The chairman of education made a plea for a greater attendance in the reading circle, which is held at Mrs. Toll's. The sixth year in ethics for children is being studied now.

The following officers were elected for next year:

Mrs. Burt L. Cline, president.
Mrs. Frank W. Chambers, vice-president.
Mrs. F. W. Kille, secretary.
Mrs. C. A. Cole, treasurer.

After the business of the meeting was disposed of, Mrs. Jessica C. Hazzard, government food demonstrator, gave us some serious statements as to why we should save, especially our wheat flour. As bread is the staff of life, it is very necessary for us to make that sacrifice, which is very small in comparison to what our boys are giving for us. Recipes for substitutes were given, which will prove to be just as appetizing and nutritious as many of the old ones. Mrs. Hazzard's talk was so instructive that she promised to return to us in the near future.

DRESSED PIGEONS FOR SALE

Mrs. Jack Boettner, the new chairman of the Red Cross Shop at 318 Brand boulevard, is advertising the fact that she has in stock, reposing on ice, about fifteen dressed pigeons all ready to be "baked in a pie," which will be on sale Saturday and for which she is anxious to secure customers. The shop was presented with a lot of pigeons by a good friend. Mrs. Boettner purchased some of them and served them at her Thursday mid-day luncheon. The Shop made $3.25 on the transaction and the luncheon cleared $14.50, or a total of $17.75 for the Red Cross Chapter, which shows some business management and earning capacity on the part of this hard working little chairman.

LA CRESCENTA

The Junior Red Cross announces an entertainment for Saturday, May 18, at 8 p. m. This is the very first of their series and promises to be a splendid program. A number of the children from all the grades have parts in the different numbers and they are working very hard to put on a great big show.

There will be an election for something some time soon. Are you registered? You will not be able to cast a vote if you neglect this most important duty. Go see Mr. Pinkus.

"Sing a song of Thrift Stamps,
Sixteen in a row,
Take them to the post office,
Add sixteen cents or so;
Change them for a War Stamp
And for your loyalty
You'll get a crisp $5 bill
In 1923."

About those books. Did you look your shelves over and find some books for the boys at the camps or hospitals or "over there"? The Librarian will see to the shipping if you will bring them to her. Make it a big shipment from La Crescenta.

Your Red Cross membership. Look it up. It probably needs renewal at this time. See the treasurer about it.

The Junior Red Cross war garden has already sold $1.45 worth of vegetables and the crop is coming on rapidly.

Mr. and Mrs. S. S. Thomas left Wednesday for a short stay in San Francisco.

Clyde McKerny spent part of Sunday at his La Crescenta place. He reports Mrs. McKerny as very well and baby growing splendidly.

Mrs. H. E. Bruce had her daughter, Mrs. Easton, as a guest for a few days.

The La Crescenta Women's Club will meet Wednesday, May 8, at 2 p. m. at the home of Mrs. Thompson on Honolulu avenue.

Do not forget the Red Cross classes on Tuesday and Thursday from 10 to 5. Lot of work to be turned out these days to keep up to our standard.

Mr. Lewenstein and George motored over from Glendora on Tuesday and spent the day in Crescenta.

Miss Florence Haugh spent Sunday out in Hemet and San Jacinto looking over the devastation caused by the quake.

The church services are very interesting with the extra music and singers from Los Angeles every Sunday. Treat yourself to some good music and go hear them, 11 a. m and 7:30 p. m.

It's a circus story, "The Sawdust Ring," for next Tuesday night, and it's Bessie Love, that dear little favorite as Janet Magie. Nobody wants to play with her and the other children all snub her because she is poor. Only one boy about her own age has she for a playmate. Her mother is very ill and Janet is about to be sent to the poor house, so she and her chum Peter run away with an old white horse to join the circus. Arriving at a distant town they are offered a job and a surprising climax results in happiness for all. Come, see it. A real circus—lions, tigers, elephants, side shows and all, on the screen next Tuesday. Show begins at 8. Come early for a good seat.

Messrs. H. S. Bissell and A. C. Cobb have gone to Ventura county on a fishing trip.

The Waltz place has been taken by Mr. and Mrs. Bonin for a term of months.

Mrs. Young had a letter from her son Frank who is at San Diego (Navy Branch) and while still in the detention camp and undergoing vaccination, reports himself well.

The Potter children, who have been out of school on account of measles, are fully recovered and have returned to school duties.

School news: Neither tardy nor absent for the month of April: lower grades—Marjorie Gedney, Grace Clifford Pease, Alva Gedney, Maie Caldwell, Charlotte Foy, Georgiana Kidd, Dorothy Forbes, Ramona Bionson, William Thompson, Waltz Young, Horace Dey Schultz.

The Ladies' Aid Society of the La Crescenta church have purchased a $100 Liberty Bond.

TUJUNGA

The Highway is progressing finely and is now past the intersection of El Centro. Some trouble has been experienced with the help, but as it must be finished by September 1st, every effort is being made toward its completion.

Mr. and Mrs. Thomas Douglas are at their home on Monte Vista for a week's rest.

Mrs. Bertha Hardy who has been with Mrs. Colburn for a week, returned to her home in Los Angeles on Sunday. Mr. Hardy and Jack were both out for the week-end.

The Ladies' Aid held its monthly meeting with Mrs. Leo Lang on Wednesday, May 1st. The day was changed from Thursday this month in order that the ladies might take advantage of the aluminum demonstration to be held on Thursday at the club house. Mrs. Moffitt, the mother of Mrs. Lang, was the honor guest. Mrs. Moffitt will leave for her home in Dakota after a four years' visit with her daughter. She will be missed by all who know her. A large attendance and enjoyable program with dainty refreshments made the meeting very enjoyable. The next meeting, June 6th, will be held with Mrs. B. Barclay in Los Angeles by special invitation.

The question of conservation on butter has been strongly argued on all sides, and many people are using butter substitutes to be loyal, even though they are distasteful. Rand McCann of the Colorado Agricultural College sends out the following message that is of interest to all housewives:

Butter an Inexpensive Food Necessity

Experiments conducted recently by leading scientists and chemists have given a sure foundation to the dairyman's claim that butterfat is a better food than the many so-called substitutes, composed of fats and vegetable oils. As a food, butterfat contains certain growth-building and life-giving properties, properties without which normal growth in children does not take place.

Too many hesitate to buy butter when prices are high, thinking that it is a luxury rather than a real food necessity.

One pound of butter on an energy basis equals: 11:6 pounds potatoes; 3 loaves wheat bread; 40 pounds lettuce; 3½ dozen eggs; 4 pounds sirloin steak; 8 quarts oysters; 34.3 pounds tomatoes.

Figuring this on a price basis (Colorado prices, March, 1918):

One pound butter at 55 cents is worth as much as: $4.00 worth of lettuce, $1.05 worth of eggs; $1.40 worth of sirloin steak; $6.00 worth of oysters.

Every housewife should, in her study of economy, give careful consideration to the above facts before she eliminates butter from the diet of her family.

The weekly sewing bee of the Red Cross was well attended and a great deal of sewing finished. Six bed jackets and one dozen each of shirts and drawers were sent in on Saturday by Miss Mary Begue. Twenty-eight garments were finished and more than a dozen begun. These and more are ready for the workers next week. Don't forget the day and come early. The hall is open at eight o'clock and machines ready for the workers. Give us all day if you can.

The Woman's Club held its semi-monthly session in April with a nice attendance. The methods of drying fruits and vegetables was fully discussed, and all agreed that the dryer now in use by some was far better in its results as well as being the swiftest. Following this came the planting of the garden according to the signs of the zodiac. Many of the ladies related the methods of their parents and grandparents along this line. An old almanac sent out by J. McDonald brought out very clearly these old-time methods and we found that many in our midst were putting in their vegetables according to the various phases of the moon and believed in it fully. Some of the members met with Mrs. Linnaberry the same evening and formulated a chart for planting and each lady who attended the meeting was presented one through the kindness of Miss Osgood.

Mrs. Stocker of Hermosa Beach is satying with Mrs. Fortinier for a week or two.

Philip Begue and Leo Lang went up into the Big Tujunga for trout. Also M. V. Hartranft and Ed Greenfield on Wednesday.

Mrs. Moffitt, mother of Mrs. Lang, leaves for the east on Saturday via Oregon, Washington and the northern route.

Mr. and Mrs. Hubbard leave about the 14th for a summer trip to the old home in Dakota.

Every housewife who makes her own bread is busily engaged with the various substitutes, trying to formulate a real good bread that is palatable, nutritious, and that one does not tire of. The following is very good and easily made, and of less heating nature than corn breads: "Mix together 1½ cups of oatmeal and a full pint of boiling water, one half tablespoon of salt and one half cup of sugar. This mixture cover and set away for an hour or two. Then stir in four cups of wheat flour and one yeast cake dissolved in a little warm water, and set the dough away to rise over night. The next morning beat well and divide into two pans, let rise one hour, then bake one hour. The first setting should be beaten thoroughly for at least ten or fifteen minutes.

NOTICE OF FORECLOSURE SALE

Sheriff's Sale No. B53545

Order of Sale and Decree of Foreclosure and Sale

W. A. Glascock, Plaintiff, vs. James B. Bouldin, et al., Defendants.

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the County of Los Angeles, of the State of California, on the 13th day of April, A. D. 1918, in the above entitled action, wherein W. A. Glascock, the above named plaintiff, obtained a judgment and decree of foreclosure and sale against James B. Bouldin, et al., defendants, on the 22nd day of March, A. D. 1918, for the sum of Three hundred eighty-eight and 81-100 ($388.81) Dollars gold coin of the United States, which said decree was, on the 1st day of April, A. D. 1918, recorded in Judgment Book 435 of said Court, at page 21, I am commanded to sell all that certain lot, piece or parcel of land situate, lying and being in the City of Glendale, County of Los Angeles, State of California, and bounded and described as follows: Lot fifty-seven (57) of tract number eight hundred thirty-nine (839) in the City of Glendale, County of Los Angeles, State of California, as per map recorded in Book 16, page 78 of Maps in the office of the County Recorder of said county.

Public Notice is hereby Given, That, on Tuesday, the 21st day of May. A. D. 1918, at 12 o'clock M. of that day in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment, with interests and costs, etc., to the highest and best bidder, for cash gold coin of the United States.

Dated this 25th day of April, 1918.
JNO. C. CLINE,
Sheriff of Los Angeles County.
By W. T. OSTERHOLT,
Deputy Sheriff.
